REDEVELOPMENT PROGRAM

DA PROPERTIES

ARE YOU INTERESTED IN REDEVELOPING OR SUBDIVIDING A PROPERTY TO BUILD WEALTH?

Redeveloping a property is a popular and logical entry point for people interested in property development. Our Redevelopment Program prepares you for the redevelopment journey, enabling you to plan and navigate your trip to successfully reach your property destination.

You'll learn the theory of property development and how it's applied practically through real world case studies with expert guidance, so you can undertake your project with clarity and confidence to optimise your property outcome.

WHAT YOU WILL LEARN

Develop the foundation skills you need over two months

MONTH 1
FOUNDATIONS OF DEVELOPMENT

Macro Market Fundamentals and Drivers

— Understand the property drivers and the key sector stakeholders
— How to create, deliver and achieve value
— Understand macro project delivery

DEVELOPMENT MILESTONES

Delivery of Development – Start to Finish

— Understand micro project delivery
— Who are the key stakeholders for each project stage
— Identify operational tasks step-by-step
— Apply knowledge to real-world case studies

MONTH 2
REDEVELOPMENT PROJECTS

Target Market, Feasibility and Case Study Tour

— Apply foundation development skills to a project
— Understand target markets and alternative development outcomes
— Learn how to optimise development outcomes
— Undertake practical feasibility assessments

WHAT YOU WILL RECEIVE

Pre-reading prior to each session

A personal property tour within a test suburb to review market analysis and live project case studies

Group coaching sessions

D A Properties' financial feasibility model which will be applied to live project case studies in a supportive coaching environment with real time feedback

Course material resources covering:

- Fundamentals of development
- Development milestones
- Redevelopment projects
- D A Properties' case studies to demonstrate application of property development process

"After working with David, I now have an invaluable understanding of how to analyse, acquire, set a development strategy and deliver a desired outcome. The key for me was being immersed in real world development project case studies to apply the knowledge guided by an expert" – **Mark**

"I haven't come across anyone with the skills, real world experience or the perspective that David brings to development. He operates with a level of integrity rarely seen in the industry." – **Luke**
